

## A MESSAGE FROM INTERIM SUPERINTENDENT **DR. SHAWN JOSEPH**

Greetings,

Our facilities teams are **making steady progress** in clearing school parking lots and walkways across the district. Crews are continuing to remove snow and ice, ensuring our campuses are safe and accessible for the return of students, educators, and staff. We are committed to ensuring that our campus is safe and accessible.

**This level of readiness would not be achievable without the tireless efforts of our facilities crews.** They have braved frigid temperatures and challenging conditions to prepare the district for a safe reopening later this week. PGCPS truly has the best team in the region!

**We also want to extend our gratitude to County Executive Aisha Braveboy** and her team for their outstanding leadership in managing the snow clean up. The county's response has been quick and efficient, reflecting a true partnership in keeping our community moving safely.

### **Expanded Emergency Meal Distribution**
